Career Objective:

- Dedicated and quick-learning ECE student aspiring to build a career as a Python Developer. Passionate about software development, problem-solving, and backend technologies with the ability to adapt quickly and work effectively in a team-oriented environment.

EDUCATION:

Year	Qualification	Institute	GPA
2023 – Present	B.Tech – ECE	Annamacharya Institute of Technology & Sciences, Razampet, A.P.	8.97
2021 – 2023	Intermediate (MPC)	Government junior college,Rajampet	8.8/ 10.0
2020 - 2021	SSC	Chinmaya Hari Hara V EM HS, Ellayapalli	9.8/10.0

Technical Skills:

- Programming languages:** Basics of python ,C
- Web Technologies:** HTML ,CSS ,Java Script
- Database & Tools :** MySQL ,Git, GitHub ,VS Code
- Concepts:** Data Structures & Algorithms ,OOP

Projects:

➤ Insurance Comparison, Recommendation & Claim Assistant | 2025

- Tech Stack: HTML5, CSS3, JavaScript
- Developed a responsive insurance assistance website with policy comparison and recommendation features
- Implemented claim guidance support and user-friendly plan selection functionalities.

➤ Water Level Detection and Alert System | 2025

- Tech Stack: Arduino UNO, Embedded C, Sensors
- Developed a smart water monitoring system with real-time level detection and alert mechanisms.
- Implemented buzzer and LED alerts to prevent water overflow and shortage conditions

Certificates:

- Python Certificate** -Achieved a python course completion certificate|Infosys Springboard 2025
- Water Level Detection and Alert System Certificate** – Achieved a certificate for developing a smart water level monitoring system using Arduino UNO with real-time detection and alert mechanisms | 2025

Core Competencies:

- Strong Communication
- Quick learner
- Teamwork
- Logical Thinking
- Time Management
- Positive Mindset
